

SELECT

Now that you have **selected your top four-year college/university choices**, CollegeFish.org has plenty of tools to help you select the best fit college/university for your success.

Tools to use in selecting a college:

- ★ College Comparison Tool: Side by side, how do your top colleges match up?
- ★ Course Planner: Create course plans to review the required courses for admission and manage your course plan.
- ★ Transfer Success Plan: Manage all the aspects required for admission.
- ★ Questions? Connect with transfer resources and support at your final choices.
- ★ Update your fishbowl and move your final choices to the top.
- ★ Browse scholarships to find scholarship opportunities at your final choices.
- ★ Visit campus, if able, and meet with key departments you'll be involved with.

Review the admissions packets you received to

determine what the next steps are to communicate your final decisions. **Pay special attention** to deadlines, deposit requirements, as well as any remaining courses you'll need to take, recommendation letters you may need to submit, advising and course registration, orientation, and related transfer scholarship opportunities.
